Seeing a new perspective I found,
A person once was loved is hated now,
I'm sorry to sound - so hateful, it's your fault.
Too bad you - lost your heart.
I wish I would've known the real you before I had gone.

There's nothing you can do here.
I'm sure to see it through.
You won't see me fall.
You won't see me die.
This is the only way to cope with all your hatred inside.

Look at you now:
Pathetic and cold.
It seems as though the tables turned,
And now you'll do what you're told.
I wonder what should I do?
And what will they say?
I can envision crowds speaking of you after you're
gone.
"He was such a good boy, he did all the right things."
If they had only known your middle name was
"hypocrisy."
"At least he lived a good life, at least he lived his life
right."
Too bad for you the words they say are nothing really ...
BUT LIES.

There's nothing you can do here.
I'm sure to see it through.
You won't see me fall.
You won't see me die.
This is the only way to cope with all your hatred inside.

INSIDE.
IT ALL, WAS LIES.
YOUR LIFE'S A LIE.
IT ALL, WAS LIES.

I bet by now you thought you had beaten me.
Beaten ... me.
With no regrets, I say to you ...

There's nothing you can do, you might as well quit now,
There's nothing you can do, you might as well quit now.

WELL QUIT NOW.

There's nothing you can do here.

RUN AWAY.

I'm sure to see it through.

RUN AWAY.

You won't see me fall.

RUN AWAY.

You won't see me die.

RUN AWAY.

This is the only way to cope with all your hatred inside.

There's nothing you can do here.

I'm sure to see it through.

You won't see me fall.

You won't see me die.

This is the only way to cope with all your hatred inside
