(Performing Of The Action)

Dissonances within embraces of frail architecture of
light

Enshroud me with their immortal drape

Stars are tearing in astral carnage

Rippin' claustrophobic skies

Edges enshrine shreds of reality

Phenomena glance

Void of voices from melting Motion to proto-real Stasis

Shapeless forms...

Neurosadistic disruption...

Ashes of vengeance transmuted in carcass ad
hominem concepts

Threat of Truth from cosmic legions

Evershifting of Infinity atoms

Tremblin' acid pictures on fading surface

In this luminescence

... Hidden darkness is the root...

Asphyxiated ascetic sight

Intoxicates sensorial methods of anatomy mechanism

Supreme hallucination state

Strangled by deserts of corrosive light

From holistic dungeons to desolate systematic waste

Cranial graves deliverances

In abstract dimensions

Renaissance amongst fractal illusions

Landescape disfigured

In this apparition of tyrannous rebellion

Through the bowels of Melancholy pleasures

Eyes torches to descend the last Era

Rise of the Chaos from the Flesh

Shattering Sanity spine

Vanished faces evoking palingenetic tribute
Howlin' demons burial for instinct
For Ascension

The silence of a birth
... Breathes...
The silence of a death
