"Revolution"

Visit "[Revolution](#)" on MotoLyrics.com

Demon mating saturating
Times it's my time

Demonstrating aggravating fight
I wanna fight

I got a reason for a revolution
Don't believe in a solution
Sick and tired of evolution
I got a reason for a revolution

Masturbating imitating life
I got no life

Penetrating transforming mind
My twisted mind

I got a reason for a revolution
Don't believe in a solution
Sick and tired of evolution
I got a reason for a revolution

You can be all you can be
Take a chance and run with me
There is no real guarantee
No oh no

I got a reason for a revolution
Don't believe in a solution
Sick and tired of evolution
I got a reason for a revolution

I got a reason
I got a reason
I got a reason
I got a reason
