So you think your in love
You are really dumb
You even have a girlfriend
You plan to marry that s#ut
Worst thing you ever did
You wanna have a kid
Erase your life
You wont have no friends
(chorus)
You gave her all she wants
You gave her all she needs
You gave your life for love
And now your left here to bleed
(verse 2)
Do what you can
Be a single man
Ill tell her for you
Ill give you a hand
Dont give her a hug
Dont give her your trust
This is what you gotta do
Choose life over love
