Close you eyes

Baby take my hand

May be hard for you

To understand

All the crazy things you make me do

Just lay with me

Until the morning comes to you

On my mind all the time

Baby you give to me

Something so good

And if you knew

What I want to do

CHORUS:

It was dark it was night

Except for the moon

Put some light in your eyes

Girl I was in tune

Night turned to day

Day turned to night

Feels so right

Hold on tight

With all of your might

I'm gonna take you for the ride of

Your life

Do you think you can give to me

Every day fulfill my need

I can't remember

Feeling this good

Every moment

Leaves me wanting more and more

The special things every word you say

I find myself wanting you

Every single day oh

On my mind all the time

Baby you give to me

Something so good

And if you knew

What I want to do

CHORUS

I want to be, I want to be, I want to be

Alone with you

I want to be, I want to be, I want to be
Alone with you
CHORUS (X2)
