Love broke through never thought that it could  
I'm fallin head over feet for someone like you  
breaking all my rules chasing off all the blues  
Now im making the most of this love rollercoaster

(chorus)

Im just breaking my mode  
going out of control  
And lovin'  
and people keep telling me  
if you only knew all those things that you do  
and im crazy  
crazy is lovin' u

Love broke through never thought that it could  
I'm fallin head over feet for someone like you  
breaking all my rules chasing off all the blues  
Now im making the most of this love rollercoaster  
thats getting me closer  
and more than i ever  
goin up and down over and...

(chorus)

(rap)

this goes out to all of my ladies  
all the ones who are driving me crazy  
to all my lovvies and crew  
we'll be crazy lovin u

(chorus)

this goes out to all of my ladies  
all the ones who are driving me crazy  
to all my lovvies and crew  
we'll be crazy lovin u
