storm clouds wont bother to gather
she cashed in, cut the tether
shes gone its no mistake, the angels have come too
late
they've come too late...

(chorus) in my hands i hold the proof
that somethings sure to hit you
your flesh and bone will rip through
dont let'em tie in to the stake
whatever it takes
flood waters raise the ramparts
i'll meet you now, wherever you are
im here, until the front line breaks
whatever it takes

then she turned off the headlights
cranked the radio, ran the red lights
never found the missing bride
windows dark, but they're all insight...
they're all insight...

(chorus)
solo

a general without an army
i stopped lookin, then they found me
on a hill a horn is blowin,
its over man, you just dont know it!

that soemthings sure to hit you
your flesh and bone will rip through
dont let im tie her to the stake
whatever it takes
flood waters raise the ramparts
ill meet you now, wherever you are
im here, until the frontline breaks
whatever it takes

climb back through the red room
a jungle of thieves to get through
times up! how long you gonna wait?

whatever it takes
so jack grab paper and pen
ILL SAY IT ONCE, WONT SAY IT AGAIN
LOOSEN THE CORE, UNTIL IT SHAKES!

whatever it takes
whatever it takes...
