Your Pride and Joy is a Pretty Beast  
The baddest apples fall from rotten trees  
The little monster is a walking disease  
You got only yourself to blame -  
'Cause all else failed!

And you're  
HOT HOT  
On my trail and you know that it's  
NOT NOT  
Not my fault but you know that you  
GOTTA GOTTA  
Pin the Tail on the Donkey when all else fails  
Cuckoo, cuckoo!

Biting the hand that over-feeds  
Lord of the Flies ain't no mystery  
Mean as Murder or Precious and Sweet?  
You got only yourself to blame -  
'Cause all else failed!

Momma hide the children  
Someone get the baby!  
Momma turn all the lights on  
Somebody pull the shades!
