What you heard about me
Was probably right
I'm the boy next door
The one you were warned about
Oh yes, indeed

Well, I'm no upstanding citizen
but I'm standing up just the same

Chorus:
Number one bad boy
who's to blame
Number one bad boy
Ain't that a shame
Yeah, right

All my friends are two faced
And I'm a social disgrace
I got no morals
Don't belong in the rat race

Well, I'm no upstanding citizen
but I'm standing up just the same

Into a lonely world
Where I'm lost without a trace
Two faced
rat race
disgrace

Will I stand up on my own?
Will I fall on my face
