When I look back, along the track,  
That left me here, where Iâ€™m standing,  
There is a place, where love begins,  
A certain town I left my heart in.

San Francisco love is all around,  
San Francisco youâ€™ve never let it down,  
I have seen you open every door,  
San Francisco love is what weâ€™re here for.

Iâ€™m eight miles high, and feeling free,

The Golden Gate and Haight Asbury,  
Iâ€™m always California dreaming.

San Francisco love is all around,  
San Francisco youâ€™ve never let it down,  
I have seen you open every door,  
San Francisco love is what weâ€™re here for.

Iâ€™m always California dreaming  
San Francisco love is all around,  
San Francisco youâ€™ve never let it down,  
I have seen you open every door,  
San Francisco love is what weâ€™re
