I took this girl out last night and we left around 12,
We walked along lonely streets and got to know
ourselves,
I like to read - she likes to write,
she likes to sleep - and I like to stay up all night,
My friends say I'm crazy and I agree,
but that's okay cause that the way she likes to be
Hey girl come with me and let yourself go
Hey girl come with me and let yourself go

Well we went out late that night and we danced through
the night
I was holding on to her and she be gripping it tight, she
was
But she didn't care, I didn't mind
I was unaware that she liked to act so kind,
My friends say I'm crazy and I agree,
but thats okay cause thats the way I like to be

I say hey girl, come with me and let yourself go,
hey girl come with me and let yourself go, go, go-oh,
just let yourself go

Hush little baby
Don't say a word.
I'd like to give you everything that you deserve.
I'll give you my heart, give you all my soul.
You can have all my money, if you'd like you can have
control.
In my mind, I miss you.
Every night that you're not here.
Oh, I just want to sit around your life and breathe your
air.
And if I cannot have you, I just don't wanna live.
Oh, I've got so much I'd like to give.

I say now hey girl, come with me and let yourself go,
Hey girl come with me and let yourself go, go, go-oh,
just let yourself go, go, go-oh,
just let yourself go, go, go-oh..
Let yourself go
