Crossing this country, I'm stalling  
I'm coming down  
Over my head, I'm falling  
Will I be found?  
I've had to be a million places at one  
That's not me

I'm a stranger on the outside when  
I'm not right next to you  
I remember how to get there  
Will you be there when I'm coming through?

Crossing this room to my lovely, my saving grace  
Promise that time hasn't lost me  
And don't turn away  
I've had to be a million faces at one  
That's not me  
That's not me

I'm a stranger on the outside when I'm not right next to  
you  
I remember how to get there  
Will you be there when I'm coming through?  
Take me back into your arms where I belong  
There I'm no stranger to you

The mirror has broken  
What do you see?  
A million of you and a million of me  
The future's unspoken  
Who do you see?  
The one on the outside  
That's not me

I'm a stranger on the outside when I'm not right next to  
you  
I remember how to get there  
Will you be there when I'm coming through?  
I'm a stranger on the outside when I'm not right next to  
you  
I'm a stranger on the outside when I'm not right next to  
you

I'm a lonely man walking, searching for my home  
Been a thousand years and her I am I'm all alone  
I'm out looking for my lovely one to save the day  
Here I come, I'm no stranger today
