Oh my God, tell me this won't last forever  
Tell me that I'm not alone  
Tell me this will come together now

Packed my thing up just the other day  
Said my goodbyes to all these things I've saved  
Out in the driveway, we laugh under the moon  
Among my friends for now, but I'll be leaving soon

Many days from now, I'm sure  
I'll be back among your graces  
And with you I won't pretend  
No, not at all

Crack the morning  
Up and running quick  
No sleep again last night but that's the way it is  
Out in the open under broken skies  
I feel every footstep  
I see everybody's eyes  
Oh and this is summer in another world  
Far from the driveway and my baby girl  
Soon comes the winter  
With it quiet nights  
Darker days and darker fights

But many days from now, I'm sure  
I'll be back among your faces  
And with you I won't pretend  
No, not at all

Oh the fever is burning  
Over at midnight but never like this  
Hot under their fire  
The stars are all falling but never like this  
I hope you never see this

Wait, wait for my love  
Don't forget me, never let me go  
If you wait, wait for my love  
I'll remember, never let you go  
Until I'm fine, fine, fine

Until I'm fine, fine, fine

To be back in my room  
I have the same dream every night  
Just me among my things  
No one else is there  
There's no one left to fight  
Just me among my things

Many nights from now, I know  
I'll be back among your graces  
Until then I'll just pretend  
That I'm not cold

Oh my God, tell me this won't last forever  
Tell me that I'm not alone  
Tell me this will come together  
Oh my God, you know

Wait, wait for my love  
Don't forget me, never let me down  
And just wait, wait for my love  
I'll remember, every one of you  
Just wait, wait for my love  
Until I'm fine, fine, fine  
Until I'm fine, fine, fine  
I'll be fine, fine, fine  
I'll be fine, fine, fine
