Baba baba - mmh mmh - aha aha - oh
dies ist die
Ãxh - wie?
Baba baba - kannst du die Trompeten mal mit
einschalten?

I warn you about my secret I'm going to expose

A great threat to your bodies
to your mind and souls.
Don't be alarmed
it doesn't spell danger

Stumble in the groove
dance with a stranger.
Don't have to ask you to get up
you'll do it in your own.

Baba baba - mmh mmh - aha aha -
Believe in what I say to you:
The only James Dean is not Coati Mundi of this music
scene.
It's me
my friend
the master of salsa

Cabasa down with me
the beat is getting faster.
Don't have to ask you to get up
you'll do it on your own.

The new age sound is on the move

I give you now the second groove.
Don't have to ask you to give up
you'll do it on your own.
