Heard a voice
Call out to me
From the shadows of

He saw the world
With diamond eyes
Through the moon shine palm tree skies

Jeffrey Lee Pierce!

A creeping (?) ritual
Blasting from amps
With an X drawn on our hands

His (?) was up
An eternity

That's why I write this eulogy for

Jeffrey Lee Pierce!

A river runs through
His esophagus
To a swamp buried in his chest

Jeffrey Lee Pierce!

So carry off
Jeffrey Lee
And we'll burn that Christmas tree!
