I can't explain this kind of feeling
burns inside, shakes my legs, I mean it
my mind gets blurry my body's sweating
I can't control no more of my actions

My heart's in pieces there is no doubt
Call me a doctor, I've been knocked out

(Chorus)
Because love
Makes you believe what's right is wrong
Turns day into night in the blink of an eye
It's love
Makes you agree with things that you don't
Leaves you blind, justified
It's love

There're so many poems and words to explain
How this can drive a man insane
I've been fighting so hard
trying to escape
behind my back cupid shot me

And now my reason is up side down
Call me a shrink I'm losing it now

(Chorus)
Because love
Makes you believe what's right is wrong
Turns day into night in the blink of an eye
It's love
Makes you agree with things that you don't
Leaves you blind, justified
It's love
What starts as dream can end up as a storm
You put your head on the pillow but can't fall asleep
every thought you have is about someone

(Chorus)
Because love
Makes you believe what's right is wrong
Turns day into night in the blink of an eye

It's love
Makes you agree with things that you don't
Leaves you blind, justified
It's love
Makes you believe what's right is wrong
Turns day into night in the blink of an eye
It's love
Baby, baby, baby...
It's love
Baby baby baby...
It's love
Someone tell me how it's gonna be this time
It's love, it's love....
