

Overdust "How Long"

Visit "[How Long](#)" on MotoLyrics.com

You're so easy on the eyes
you know what I meant for us
I just wanna grow old with you
and so would everyone
I watch you staring at blowing wind
it's kind of mysterious
Why don't you let me be with you
searching into the unknown

(chorus)

I'd share my air with you
to make all your wishes come true
I would dry your tears when you wanna cry
be your guide when there is no light
Give me a chance
Don't slam the door
Please stay with me tonight
I talk, you don't listen to my words
Ohh how long will this love hurt

You're so easy on the eyes
I can't say enough
But I would do anything for you
Tell me to go on

(chorus)

I'd share my air with you
to make all your wishes come true
I would dry your tears when you wanna cry
be your guide when there is no light
Give me a chance
Don't slam the door
Please stay with me tonight
I talk, you don't listen to my words
Ohh how long will this love hurt
Solo

If you don't care for me
I've got no fuel to carry on
I tried all my keys
Stop playing
Cause I don't read minds

like you can mine

(chorus)

I'd share my air with you
make all your wishes come true
I would dry your tears when you wanna cry
be your guide when there is no light
Give me a chance
Don't slam the door
Please stay with me tonight
I talk, you don't
Listen to my words oh how long will this love
hoooooooooort
oohhh

Brings me pain to think
that you'll break me apart
Cause every time I walk around I see your face
every time I'm down I wanna hear your voice
anywhere I run I know that you'll be in my mind

oohh

(chorus)

I'd share my air with you
to make all your wishes come true
I would dry your tears when you wanna cry
be your guide when there is no light
Gimme a chance
Don't slam the door
Please stay with me tonight
I talk, you don't listen to my words
how long will this love hoooooooooort

Solo

ooooooooh
Baby baby baby, just to see your smile
I'll give my heart
oohh - oohh
I'll give my heart
