I look around
and I see a world
of games, ups and downs
I got a feeling
this night Iâ€™ll let it go
I like this sunrise
And the moon light
Made me feel alive
But I am guessing
this wonâ€™t do anymore

I would die now
Not to let it be gone
Iâ€™m not sure now
about what I can do

(chorus)
I feel today blueâ€™s coming
While my time is going
Iâ€™m up side down
Trying to catch some good memories
The sun is gone and this time
I will leave it all behind
With the breeze of the night

We cross a street
run a light
stuck in a little world
And never think that
it could be the last time
When night comes we
turn on the lights
and fight against ourselves
Today Iâ€™m seeing
That it canâ€™t last too long

I should lie now
And just talk about love
Inside Iâ€™m down
Pretending to be all right

(chorus)

I feel today blue's coming
While my time is going
I'm up side down
Trying to catch some good memories
The sun is gone and this time
I will leave it all behind
With the breeze of the night

Words keep mounting
And bare no meaning
Words so hard to deny
I tried so hard I tried
But now, all of my guns
I'm laying down
'cause I don't care

(chorus)
I feel today blue's coming
While my time is going
I'm up side down
Trying to catch some good memories
The sun is gone and this time
I will leave it all behind
With the breeze of the night
oooohh
with no more tries
oooohh
just leaving it behind
ooooohh
breeze of the night
ooooohh
with no more tries
ooooohh
breeze of the night
oooohh
with no more tries
