Take a look at the scars on my hands  
from years on the road  
Rocks fall over me and around  
on this way I chose to ride  
chasing dreams I don't even know  
but I'll keep on rolling  
keep on rolling

Give me  
the eye it don't mean nothing  
that feeling that you're right  
your line that makes me sick till  
I cross the road  
back to life

Days are getting longer and longer  
a thousand miles from the finish line  
And beginning to make us see  
There ain't no dream alive  
Sparkling in the rain  
pulsing in my brain  
cause I feel there'll come a day,  
and I'll be ready, so

Give me  
the eye it don't mean nothing  
that feeling that you're right  
your line that makes me sick till  
I cross the road  
back to life

solo

Give me  
the eye it don't mean nothing  
that feeling that you're right  
your line that makes me sick till  
I cross the road  
back to life

solo

you try to murder faith  
Painting an endless torment  
Taking each day as it comes  
I wanna try

Give me  
the eye it don't mean nothing  
that feeling that you're right  
your line that makes me sick till  
I cross the road  
back to life

Give me  
the eye it don't mean nothing  
that feeling that you're right  
your line that makes me sick till  
I cross the road  
back to life
