Music:Persson Lyrics:Ludvigsson  
To The Very Notion Of Creativity  
A Concept Unforfilled  
And The Forgers Lack Of Diversity  
Content Re-Defined

Change The Aspect Of The Failsafe Guidelines  
Reform, Renew Let The Mind Be A Weapon

Where Inspiration Gives Me Guidance  
Heaven Thee Is Promised  
From The Outmost Of Emotion  
To The Darkest Of Sin

Nourish The Fading Flame Within  
Make It Burn From Sparks Of Expressional Fury

To Thee Who Carry The Torch Of Regression  
The Shadows Of Me  
The Shadows Of You  
To Thee Who Wont Sip From The Fluids Of Knowledge

The Well Within Me  
The Well Within You  
In The Conjunction Of Progressive Memories  
I Fight The Staleness  
I Sharpen The Edges  
From The Vastlands Of Regressive Contence  
You Dim The Creation  
Which Once Shone So Bright

When Eternity In Eternal Transition Flows  
And Thousands Of Stars Flicker And Die And Are  
Born Without End, Lifelust Springs Forth From  
Every Spark And Cleares In Nature Shroud

Evolution As Opposed To Degeneration  
Set Free The Mind, Open Its Eye  
One Life, One Chance, One Mind  
And Yet Thou Fail To See Who You Really Are
