are you now? Why do leave me crying?
Good times we shared, and I know I've made mistakes
too
Passing pictures of you, every where I look
I want to touch you once more, but you dissappear

I dreamed of you last night
You must be strong and fight
It can not be-you die
Please wake now up and fly, away
You won't be, forgotten by your friends
You will live, forever in my heart
I can't get you out, out of my mind
But you are forever gone

I saw your blood, coming out your veins
There was no chance for you, to escape from death
I close my eyes to think of you
I see the dark, only emptiness
