Spotlight my Jean, she's more than seventeen
Seems keen in other words
She must have been a former beauty queen
Now she's a naughty girl

Wild, wild, wild tiger woman - wild wild wild wild
You move me very fast but can you last another day
Get out my way, wild, wild tiger woman - wild wild wild
wild
You're gonna break another fall
They call her the wild tiger woman

Tied to bed she's waitin' to be fed
No pay till Saturday
Can't see an ounce of reason in her head
Don't laugh and turn away

Wild, wild, wild tiger woman - wild wild wild wild
Oh, you move me very fast but can you last another
day
Get out my way, wild, wild tiger woman - wild wild wild
wild
You're gonna break another fall
They call her the wild tiger woman

Need another girl to come and grab her by the tail
As I was hoping that the ground would open up and
take me in
Life is so obscene and the remarks that go unseen
Are being diminished to the earth, I'll never find
another girl

All in the race, such a friendly face
Seems clean and upper-class
Young indecisive minds are in a maze
She'll lose me very fast

Wild, wild, wild, tiger woman - wild wild wild wild
Oh, you move me very fast but can you last another
day
Get out my way, wild, wild tiger woman - wild wild wild

wild
You're gonna break another fall
They call her the wild tiger woman

Wild, wild, wild tiger woman - wild wild wild wild
