"Let Your Love Come Down"

As I look at the world around me
The children I see, they're all drowning in misery
In mystery

And as they search for a hope to save them
I cry out to you to rescue them
To rescue them
Oh, Jesus, won't you rescue them?

Jesus, Spirit, Father in Heaven,
Let your love come down
Jesus, Spirit, Falher in Heaven,
Let your love come down

'Cuz we desperately need you
We need you now Jesus, Jesus
'Cuz we're down on our knees
Crying out to Your hame
Jesus, we need You now...(chorus)
