Quit playing in this masquerade  
The only mask I see here

Paint my name on the fucking ground you see

Heald down by this burden  
Backstabbed, bent down truncheon

Count to three, scream my name bitch  
We'll see who's your saviour now

You look at me, im a fucking disgrace of your perfect

In this house of glass  
The degenerate disciple  
Of the life, that we had
