Chorus:

Boogie woogie - looky looky
Goody goody - bang bang baby
Licky licky - happy happy Lucky lucky - sun fun baby

Refrain:

She's a wham bam, she's a jam gang
She's a gogo, she's a bang bang, baby
Wham bam, she's a boom boom
She's a cin cin, she's a sun fun baby
Sun fun baby
I'm chilling in the shade
Refresh me lemonade
So I can freak around
And do my party sound
Wanna see you glow
Turn up my radio

I'm surfing cause I'm brave
I've got to catch my wave
I am like waterproof
Believe me that's the truth
Come on now here we go
Check out my radio

Refrain

I cruise to Malibu Pick up my baby boo
To hang out on my beach
It's not so far to reach
With my cabrio
Turn on my radio

I sit down in the sand I should work but I can't
Cause many boys and girls
From all over the world
They're standing in a row
In front of my radio
Refrain 3x
