Steal from them when you're late for rent  
Knowing when you get it that it's dated, spent  
But still you keep on tickin' never watchin' the game  
And everyday you're livin', seems almost the same  
Got to, keep your head up when you breath down there,  
At the bottom of the ocean, baby, nobody cares  
But you, keep rollin when they keep on reelin'  
And when you see the sun you know you might catch  
that feeling, but you

\*Chorus\*

You never know when that feeling may go  
And sometimes, you never realize the fire in your eyes  
You may never ever walk in another man's shoes,

But still you gotta, take the time find your mind find a  
reason to choose x2

Give to them when they want, they need  
Stepping on the other side, watch your feet cause when  
you,  
Sleep and fall you know you cut you bleed, and  
everybody knows  
You can't believe what you see, got to  
Step aside, when you're wrong, you're wrong  
But if we turn the other cheek, then we'll all get along  
It's the same question, we keep on crying  
Or do you know the answer and we all keep denying but  
you..

\*Chorus\*

G LOVE:

Let's shed some light up on this situation  
I got nothing left, but the time I'm wasting  
Got nothing left to give you but the flavor you're tasting  
And I'm trying to run fast, but the rats are racing  
And I'm chasing those dreams, like I'm chasing those  
papes  
Like I'm chasing those times, that are changing your

fate

And all you need's a little elbow grease when you  
scrape on by

Trying to get high when you scrape the sky

\*Chorus\*
