"How Come?"

How come greedy hands influence so many lives?
How come you still on their side?

How come you still say you believe in something else?
How come you still run away?

It just don't matter much it doesn't mean a thing
It doesn't matter any more it just don't mean a thing
Cause now you all on your own.

How come you still here you who killed so many
dreams?
Respected by authorities.

It was a choice I made when I turned away from you
How come you change from red to blue?

It just don't matter much it doesn't mean a thing
It doesn't matter any more it just don't mean a thing
Cause now you all on your own.

Cause now you're standing all alone.
