Isn't it time you tell me am I loosing my touch
The hurt you put on me girl, is more than enough
You were so good to me girl needed you to go on
We had ourselves a good thing is it over and done

I need some time to think get myself together again
Time to think, I gotta to get..on my feet again
The woman I used to love ain't the woman I see today
The woman I see today ain't the woman that used to say

Chorus

Baby I love, oh baby I love you
Baby I love, love, love, love I love you
And Baby I love, baby I love you
Baby I love, love, love, love, I love you

It's about time you tell me have you made up your mind
Is it really over, have I got a little time
To sit and talk it over to see where we went wrong
Is it really over, is it over and done

I need some time to think get myself together again
Time to think, I gotta to get..on my feet again
The woman I used to love ain't the woman I see today
The woman I see today ain't the woman who used to say

repete chorus

Baby I love, oh baby I love you
Baby I love, love, love, love I love you
