#### INTRO:

Magazines and afternoon dreams get me through the  
day  
And 'till the night can smile for the people as I sing and  
I play  
I left home it seems like a century ago  
I never thought I could miss anybody so, but now I know

CHORUS: Everywhere I go, everything I do  
Every song is you  
Searched my mind just to find  
Something I always knew  
Everywhere I go, everything I do  
Every song is you  
Searched my mind just to find  
Something I always knew  
Every song is you

Singing man with a six-piece song band, answer to my  
dreams  
And everytime I sing without you, how lonely it seems  
I love you now like I never loved you before  
Each day that goes by, I find that I want you so, I need  
you more

CHORUS: Everywhere I go, everything I do  
Every song is you  
Searched my mind just to find  
Something I always knew  
Everywhere I go, everything I do  
Every song is you  
Searched my mind just to find  
Something I always knew  
Every song is you

CHORUS: Everywhere I go, everything I do  
Every song is you  
Searched my mind just to find  
Something I always knew  
Everywhere I go, everything I do

Every song is you  
Searched my mind just to find  
Something I always knew  
Everywhere I go....
