I'm sleeping

And right in the middle of a good dream

like all at once I wake up

From something that keeps knocking at my brain

Before I go insane

I hold my pillow to my head

And spring up in my bed

Screaming out the words I dread:

"I think I love you!" (I think I love you)

This morning, I woke up with this feeling

I didn't know how to deal with

And so I just decided to myself

I'd hide it to myself

And never talk about it

And didn't I go and shout it

When you walked into my room.

"I think I love you!" (I think I love you)

I think I love you

So what am I so afraid of?

I'm afraid that I'm not sure of

A love there is no cure for

I think I love you
Isn't that what life is made of?
Though it worries me to say
I've never felt this way
Believe me
You really don't have to worry
I only want to make you happy
And if you say,
hey, go away, I will
But I think better still
I ought to stay around and love you
Do you think I have a case?
Let me ask you to your face:
Do you think you love me?
I think I love you
