Will there come a day when you and i can say.....We can
finally see each other?

Will there come a time we can find the time....to reach
out for one another?

We've been traveling in circles such a long long time
try to say hello...HELLO.
If we can jut let it ride with a some i'd like to get to
know.

I'll meet you half way.. that's better than no way.
There must be someway to get it together.
And if there's some way I know that someday.....
we just might work it out.....FOREVER.

Will there come a day when you and I can say.....We
can finally see each other?
Will there come a time we can find the time....to reach
out for one another?

I'll meet you halfway..
that's better than no way.....
I'll meet you half way!
