"Lay It On The Line"

I don't have to explain what's on my mind
Show ya, show ya, gonna make you mine
Ain't no mountain too high to climb
Show ya, show ya, gonna take the time
Show ya (show ya), show ya (show ya)

CHORUS:

Show ya, show ya, gonna make you mine
Show ya, show ya, gonna blow your mind
Show ya, show ya, gonna take the time
Show ya, show ya, lay it right on the line
Right on the line, right on the line
Right on the line, right on the line

Nobody ever really got inside me just lookin' in my
eyes
And touchin' you is all I needed to make me realize
Show ya, show ya

CHORUS

SOLO

REPEAT CHORUS AND FADE
