

Proxima "Goodbye My Love"

Visit "[Goodbye My Love](#)" on MotoLyrics.com

The time is flying and
I guess it's time to say
"hello
We have grown ..." (up)

Anger is magnified
Both of us know it's time
To go
We have grown ... (colder)

Goodbye my love
Goodbye love goodbye

Remains in our hands :
{three kids} the crystal of
Our love
We have grown ... (older)

And on the Mary go round
Those kids one day may say
"Hello
We have grown" ... (up)

So goodbye my love
Goodbye love goodbye

Hello Goodbye hello goodbye ...
