Well Iâ€™m so sorry
Dear little princess
It seems I bothered you last day

I wrote you a poem
I clicked and sent
Now I guess Iâ€™d better walk away

I wrote you how
So pretty you are
But my white horse turned black today

I wonâ€™t ravish you
And take you away
â€™Cause Iâ€™m not that charming these days

So donâ€™t think twice

Youâ€™re so young Iâ€™m so old
Youâ€™re so beautiful Iâ€™m creepy

Hey little princess
Where ever you are
I hope youâ€™ll always be happy
Youâ€™re a pure gem
Keep on being in love
Hey little princess
Whatever you do
I hope youâ€™ll never be lonely
Youâ€™re a pure gem
Keep on being in love

Now I know
Life is a whore
And time will wash my pain away

My flaking makeup
Should make you smile
So donâ€™t think twice
