I came there for a talk with my friend
About video clips Â... drinking beer
And I suddenly saw you your pretty silhouette
Moving softly

And I looked in your eyes and I looked in your eyes
And I saw you smiling (angel's smile)
And I looked at your smile oh I looked at your smile
And approached talking
And I loved when we talked yes I loved when we talked
Then I felt like kissing (you)
And I loved when we kissed Â... How I loved when we
kissed
I held you

My little sweet Aida
Come to me
My little sweet Aida
Talk to me

And the flower I gave you (so French you said) it was
my blood
Yes the flower I gave you Â... it was me (for real)

But the sparks in your eyes yes the sparks in your eyes
They touched my heart (devil's heart)
Yeah the sparks in your eyes Â... the sparks in your
eyes
I held you

My little sweet Aida
Come to me (in my hell)
My little sweet Aida
Talk to me (if you dare)
My little sweet Aida
Walk with me (on fire)
My little sweet Aida
(Burn with me)
