Ch.

I am your Juliet - You are my Romeo  
Your love gives me ride like a rodeo.  
In the dark of night, you told me it's over now  
and soon I'll be alright, but you didn't tell me when or  
how.

You tried to tell me a lie, but i found the real thorn  
you're  
only reason why is the neighbourhood where I was  
born.

Ch.

Your father knows it best - I can only make you sad  
'cos I am unlike the rest, and don't know how to please  
your dad.

If you stay on his side, I will be gone for good. But I  
know, you'll take a ride to my side of the  
neighbourhood.

Ch.

The only way I can live my life is pain, since I can't see  
you again.  
The secret place, forbidden love, forbidden games - it  
lasted only days.

Ch.
