Verse:

Like a summer breeze  
You're moving in so mysteriously  
Like a glimmer of sunshine  
I melt when I look into your eyes  
Whoa there you go again  
Touching my heart and making me smile  
Whoa there you go again  
Being yourself with the little reasons why  
Your love is like a book of fairy tales come true  
Your love living happily ever after with you

Chorus:

I love who you are you are  
You got yourself wrapped around my heart  
I love who you are you are  
You light me up like the moon and stars  
I love who you are you're never to far  
You put me right in the center of your world  
I love you you love me, you're mine oh mine oh mine  
I love who you are

Verse 2:

Spring summer winter fall  
Doesn't really matter to me at all  
Whether showers or may flowers  
Every day will be just ours  
Whoa there you go again  
Touching my heart and making me smile  
Whoa there you go again  
Being yourself with the little reasons why  
Your love is like a book of fairy tales come true  
Your love living happily ever after with you

Bridge:

Your love is like a book of fairy tales come true
