Iâ€™ve got only one life
To make my dreams reality
When all my tomorrows are in my face theyâ€™re
haunting me
Iâ€™m sorry I ever let a day go by
Iâ€™m sorry for ever saying this simple life someday
When my life is over and I read through my own review
The meaning of my life with no regrets
No questions why
No sorrys for all the things i could have made
No sorrys I gave it all I didnâ€™t say someday
Chorus:
Iâ€™ve got one life to live this life
Iâ€™ve got on try to get it right
Iâ€™ve got one try to change a life
Iâ€™ve got one life one life
My somedayâ€™s have come and gone
My somedayâ€™s before me now
My todays why im alive
Iâ€™ve got one life one life
Verse 2:
This is that moment
To push through my unopened doors
While my heart is beating
Life can pass me by no more
My somedayâ€™s itâ€™s not a wish or make believe
My somedayâ€™s it is today its waiting for me
