You already judge me
Before I event try
IÂ'll try IÂ'm find
I will never ruin your life

May I have the time
Would you let me to think
Cuz I never mean to hurt you at all
But why youÂ're always feel the pain
And IÂ'll never ruin your life anymore

I promise I never hurt you anymore
For godsake I can only cryng now
I promise I never hurt you anymore
For god sake I can only cryng now

These isnÂ't a fake I lie on bed
Could we take it back IÂ'm cryng out
Would you make it right for both of us
For god sake I can only cryng out
I promise I never hurt you anymore

I promise I never hurt you anymore
For godsake I can only cryng now
I promise I never hurt you anymore
For god sake I can only cryng now

And IÂ'll never ruin your life anymore
