Screeching brakes,  
another fatality,  
inquisitive eyes,  
peer from windowsills  
Hijacking housebreaking,  
pointless brutality,

To wear a happy face,  
we all swallow pills

Welcome to the weekend  
Welcome to the weekend

Screamin Tires on a  
road to nowhere  
Traveled for years,  
never got anywhere

Magnetic excuses  
stopped us from getting there,  
the truth is were too scared  
were just to scared

Welcome to the weekend  
welcome to the weekend

Badaba Badaba  
Badabababababadadada  
(x2)

The people in this town  
all dress the same,  
cloned individuals,  
hot and adorable

Pitter, patter, pitter,

patter, rain on the radio,  
the hiss lets us know  
everythings dissolvable

effervescent adolescent

fizzy little dizzy head

Welcome to the weekend  
welcome to the weekend

Badaba Badaba  
Badabababababadadada  
(x2)

Contaminated minds,  
fuelled by supplements

our minds made numb  
by modern instruments  
Today's new thing,  
Tomorrow's redundancy

The most loved god,  
is the god of currency  
forced to believe  
autocratic democracy

Politics don't you ruin our

Welcome to the weekend  
welcome to the weekend  
Welcome to the weekend  
welcome to the weekend
