Old enough, but you have failed  
like a ship without a sail  
and mothers cry, as their children die

How much I need you, I try to show  
I'm always with you and I love you so  
different things have changed your life  
it promised you the biggest lies

I'm longing for a peaceful night  
but I can't get a wink of sleep  
and I feel the pain deep inside  
and I hear your silent screams

Chorus:

She was living in a dreamworld, illusions can't  
set free  
in a dreamworld, a step into insanity  
in a dreamworld, but she wouldn't learn  
in a dreamworld - good bye Mary Ann  
I'm going insane when I see you with this stuff  
missing your loving, I got problems enough  
I'm drowning in blood, sweat and tears  
another reddish vein invigorates my fears

Oh, this is beyond endurance, another  
sleepless night  
standing on the edge of life, how can I hold you  
tight

Chorus:

So keep your hands off, and never walk to  
a point of no return  
the last injection, for your addiction  
cannot help you, Mary Ann  
now I'm standing at your grave  
and the flowers on it begin to fade  
another warning victim  
but for you it's not to late
