You never knew me, you never wanted  
to know,  
Oh, who I'm where I go  
'Til the day I stepped out of the crowd  
thought you were my friend, I was a  
little bit proud

Pre-chorus:

But this has changed somehow  
You've turned your back on me  
Hey you, where are you now  
Since success has stopped for me?  
And still I hear the cho of your blurb.

You know for sure what's best for us  
You were the one who we could trust  
I built my hopes on the promise you made  
Lot's of illusions you took me from the start

Pre-chorus

Was it for you recognition  
Or to be seen with me just for your  
satisfaction  
In superficiality: you're telling tales to be  
accepted by me.

Chorus:

I am the one, I'll do for you  
I'll help you through

you-better shut, shut up.  
You just shut the breeze  
Oh, leave me on my own  
before you let me down  
You-better shut up, shut up

Bridge:

Oh, am I number four or were there  
already more  
You've promised the light and the world tonight?  
I'm already confused

Why don't you tell me the truth?  
Don't need your judas caress.  
Your just a pain in the ass.

Pre-chorus  
Was it for recognition...

Chorus:  
I'm the one...

I won't be judge, it ain't my right.  
Perhaps I care to much for my  
feelings inside  
Next time you speek, don't hype it up

You'd better stop before it's too late

Pre-chorus:  
And when I'm in the jam  
I hope that you'll still there  
Yes, it would be so great, if you'd show  
You reeally care
