So come on downwhere baby, don't be afraid
right fromm the staart, give me anything you've
got with each peace you show me I'll make
you feel much better.

You feel so alone, alone with
yourself
It seems to you, as if someone has left you
on the shelf
Don't lose your last control and bite
your lips no more
I show you the way, that you've been
searchiing for

Pre-chorus:

So come to me and make a clean breast of it all.

Chorus:

You need a soulstrip
You need a soulstrip

You are not alone, I'm as good as my word

So play it cool, that's what the doctor
ordered
Speak out your mind about your sorrows
Don't caree about the past, look forward
for tomorrow

Pre-chorus:

So turn your inner life to outward 'cause
I can see that:

Chorus:

You need a soulstrip
You need a soulstrip

Bridge:

New acquaintances, well-balanced
Piece of mind and assistance
Satisfaction, diversion.
Cleaning the soul and redemption

You feel so alone, alone with yourself
It seems to you as if someone has put you
on the shelf
