Focus (focus)

Commitment and trust give in to me

Friendship (friendship)

Forced through broken bones and tragedy

Can't fucking believe

This joke has gotten out of hand

Won't Pretend (won't pretend)

That I don't feel the break, but I feel the bend

"Late night, snow fall

Get us to the hospital

Jamestown, 94 West,

And a Forty Hour train back to penn"

Leaves fall (Leaves fall)

If it means anything, it just means we're dead

Snow falls (snow falls)

It means my feet just flew over my head

Can't fucking believe

This joke has gotten out of hand

Won't Pretend (won't pretend)

That I don't feel the break, but I feel the bend

"Late night, snow fall

Get us to the hospital

Jamestown, 94 West,

And a Forty Hour train back to Penn"

There's no setback

That can set me back

I think the punch is warm and thin

and I'm weakening

The one thing that keeps me in the ring

Are the people that would never exist to me (to me)

If my mind's a weapon, my heart's the extra clip

"Late night, snow fall

Get us to the hospital

Jamestown, 94 West,

And a Forty Hour train back to Penn"

We're all broken  
Endure, I'm still fucking here
