Pearly white, well, her eyes so bri-ight
A laugh that lifted my very sou-oul
A form so lithe, I bet she moved so well in the ni-ight
Oh my sweet cherie you've been on my mind

A friend of a friend, oh, you'll be mine in the e-e-end
Stay till the hands have circled twi-ice
Oh, your girlfriends may dance but you
Your eyes, oh they make sweet roma-ance
Oh my sweet cherie you've been on my mind

One night of love
Just a few passing hours
But one night with you seems eterna-al
We're going beyo-ond what we'd known before-ore
Pushing our senses to the limi-i-it

Well one night of lo-ove
Is just a few passing hours
But one night with you seems eterna-al
Going beyo-ond what we'd known before-ore
Pushing our senses to the limi-i-it

Well I could not describe
No matter how hard I trie-ied
Oh these feelings that possess me-ee
Your kisses they thrilled
And your soft hands oh they soothed my i-ills
Oh my sweet cherie you've been on my mind
Oh my sweet cherie you've been on my mi-ind
Listen now, my sweet cherie you've been on my mi-ind

I've been dreamin' 'bout your lovin', gir-irl
