Swollen heart from beating chest  
Has grown infatically  
Success has changed you for the best  
Your perfection tradgedy  
My kind of hero  
The grandure found in  
Because you think you can

Gutter bound a gutter sale  
I wont change but treat me differently  
Gutter bound a gutter I wont change  
I promise IÂ'll still sign you, my  
My success, success has changed you

Swollen heart from beating chest  
Has grown infatically  
Success has changed you for the best  
Your perfect in tradgedy  
My kind of hero  
The grandure found in  
Because you think you can  
I promise IÂ'll still sign you, i  
DonÂ't remember changing

Gutter bound a gutter sale  
I wont change but treat me differently  
Gutter bound a gutter I wont change  
I promise IÂ'll still sign you, my  
My success, success has changed you
