We are on the race track  
we are on the race track

We are on the race track  
we are on the race track.  
Children born what sweet little angles

Parents get them ready for the track.  
Now they're grown-up famous face the world now  
When the race starts  
there's no looking back.  
We are on the race track

...  
What a rat race it will make or break you

People in it take you for a ride.  
Get to be tough  
get to be a winner

That's the only way you can survive.  
We are on the race track  
...  
Grandpa Jones sitting in his wheelchain

He dropped out the race it was to hard.  
Now he's older  
they put him aside now  
Like an old motor in a junkyard  
gotta move on.  
We are on the race track

...  
Race for money  
race for power  
race for freedom

Race for life  
race for courage  
race for knowledge

Race united must survive.  
You  
you and you - on the race track too

You  
you and you - on the race track too  
...
