I listened through the doorÂ... Heard more than I  
hoped for  
And I left to figure out

How I could be the guy to lift you up on high  
And be your hero, Angel

I need you tonight and forever to be my guide  
I need you now more than ever,  
Angel, please don't hide

Remembered what you'd saidÂ... It was messin' with  
my head  
So, I took the keys and drove

Maybe I could buy a homeÂ... The largest one she's  
seen  
Or take a trip to Rome

And I could show her all the earthÂ... Show her what I  
think  
she's worth  
Cuz she means everything

But in the end when we return, she'd bristle with  
concern  
When she finds that I'm nothing like her

I need you tonight and forever to be my guide  
I need you now more than ever,  
Angel, please don't hide
