Picture me and you
while the world is unaware
the colour of hair and lipstick we now share
i feel like i
am supposed to know the answers

Chorus

I'll be with you where the beach meets the blue
your toes in the water like you
always wanted to
i'll see you where the beach meets the blue
the clouds are breaking red
cause the sun is fading through

From a sunbleached leaf
on a breaking branch
and the tree on which it stands
you feel it with through hands
i feel like i
should really know the answers....

Chorus

I'll be with you where the beach meets the blue
your toes in the water like you
always wanted to
i'll see you where the beach meets the blue
the clouds are breaking red
cause the sun is fading through

Theres a happy man
and he's waiting for a train
to start his life again
and forget about his pain
He thinks i should talk to you....

Chorus

I'll be with you where the beach meets the blue
your toes in the water like you
always wanted to
i'll see you where the beach meets the blue
the clouds are breaking red
cause the sun is fading through
