They took her out to a parking lot
Where they cracked the top of a bottle of scotch
They talked her through the process of
Getting drunk and getting high.

She wasn't new to this new life,
She's been on this boat a couple of times.
The bottle's neck, at her lips
Poured the scotch, down her spine.

We partied hard, we screamed so loud
My shirt was stained with sinful thoughts
A sips not enough, two's too much
Three is good, six divine.

And when the bottle had none inside,
I caught a glimpse of her droopy eyes.
I felt the heat, around her knees
It came from in between her thighs.

Chorus:
Heads up
Are you gonna be the one to wake me up
Heads Up
Cuz I know you don't wanna fuck it up

Verse 2

I took her home, she became free
Of her clothes and belongings.
She lay in bed, she stared at me,
Her breath smelled of cheap whiskey.

She said "come have your way with me"
Her tongue moved across her bottom lip.
She slid her hand beneath her dress,
I watched her kill her purity.

I tried to find my head and feet,
And tried to walk towards her needs.
Just an hour more I thought
And her pleasure will meet my greed.

I made my way to her hips
But my eyes they needed sleep
Last I know I shut them off
I walk up within her lips
